

## Where can I find my serial number and authentication code for Remark Web Survey?

Article Number: 108 | Rating: 1/5 from 1 votes | Last Updated: Wed, Aug 13, 2014 at 4:24 PM

In Remark Web Survey your serial number and authentication code are printed on the registration card and CD case for the software. If you downloaded the software, they are included in the email you received with the download link.

If you are looking for the serial number or exact version in the software (once the software is installed) you will find it in the Remark Web Survey Application Button, the globe in the upper left corner, then selecting **Web Survey Options** at the bottom of the screen. When the **Remark Web Survey Options** window opens, select the link for **Resources**. You will find your serial number and authentication code here. If you have a web form open, you can also click the Standard Pages node in the tree view to find your serial number and authentication number in the HTML Display.
