

## Error #10005 Access Violation when Analyzing Data

Article Number: 156 | Rating: Unrated | Last Updated: Thu, Aug 7, 2014 at 10:25 AM

An error code of #10005 when accessing any of the Remark Quick Stats functions in Remark Office OMR is typically the result of out of date JET or MDAC components on the system. These are Microsoft components and need to be up to date in order for database related activities within Remark Office OMR to function properly. You can update your JET and MDAC components on the Microsoft website ([www.microsoft.com](http://www.microsoft.com)).
