

Creating Custom Templates for Remark Classic OMR

Article Number: 36 | Rating: Unrated | Last Updated: Thu, Aug 28, 2014 at 10:50 AM

We include form templates for many common standard forms. However, if you are using a form that you designed or one that does not have a pre-defined template, you will need to create a form template. Form templates are created in the Remark Classic OMR Template Editor. See the Remark Classic OMR User's Guide for further details about creating templates. Alternatively, Gravic Support can create a template for you for as a paid service. Please contact our sales department for further information about this service (1.800.858.0860 or sales@gravic.com).
