

Converting Remark Classic OMR Templates from one Version to Another

Article Number: 38 | Rating: Unrated | Last Updated: Thu, Aug 28, 2014 at 10:33 AM

Remark Classic OMR converts templates from previous versions upon opening and saving them in the new version of Remark Classic OMR Template Editor. Once a template has been converted to a new version, it is no longer compatible with the older version of the software. Therefore, you should always make backup copies of any templates you may want to use in an older version of Remark Classic OMR before converting them to a new version.
